Note:

- Applicable rate, in case the origin and destination postal codes are not the same, is the higher of the two rates shown.
For example, if you are sending shipment weight 1 kilogram from postal 10500 to postal 10260, the charge will be Bht220.
- Applicable weight on parcel shipment is either the actual weight or the volume weight, whichever is higher.
To compute for the volume weight, use the following formula: length x width x height (in centimetres) divided by 6,000.
For example, a shipment weighing 4 kilograms but measuring 200cm x 50cm x 5cm (=8.33) would be billed at the 9 kilogram rate.
- City express (pick-up and delivery within same day) in Bangkok-Downtown area is available at a surcharge of Bht200 per airwaybill.
Contact CES directly at 0-2729-7684 for additional details and specific conditions.
- Cash collection service fee is 3% of collected amount (minimum fee is Bht30) plus the applicable pickup/delivery rate.
- Returning your document(s), check(s), or cash is considered one normal delivery, and charged accordingly.
- In addition to the locations shown above, CES serves most other destinations in Thailand.
Please contact CES directly at 0-2729-7684 for unlisted cities.
- Weekend/Holiday delivery surcharge: 100 Baht.
- Liability: Maximum Bht5,000 per airwaybill for lost or damage goods.
